Director's Corner

Summer in Destin couldn't wait to officially begin on June 21st. The season kicked off Friday, May 27th when tourist began pouring into town--almost if waiting for a gate to be opened.

Keeping our fingers crossed, if everything continues, we will have a banner economic year. After last year and the oil spill, it is very exciting to see all the water driven businesses up and running. Despite fishing regulations the fishing boats are running everyday and their ability to still bring a good catch is amazing. It all goes back to the ground work laid out by the fishermen who put Destin on the map.

Visit the Museum and become knowledgeable about how it all started and progressed to where we are today. You will enjoy becoming a part of the Destin tradition.

“Footprints in the Sand”

Celebration of life in Destin
Past, Present, and Future

The Destin History and Fishing Museum invites you to join our brick paver campaign, “Footprints in the Sand”, a celebration of life in Destin. The bricks will be placed at the entrance to the Museum. The bricks may be engraved with your name, the name of someone special to you or the name of your company.

Your tax deductible contribution will help ensure that the history of Destin will be preserved for you, your children and for future generations. The Museum is a viable gathering place as well as an attraction for visitors, and a source of pride for our community.

The bricks are engraved using the state of the art laser technology. Their strength and durability will create a lasting impression.

You will be able to bring your children, grandchildren, and friends to see the personalized bricks for years to come. Your commitment to preserving our history is a legacy that will live on. Come by the museum to see a “sample brick”. Sizes available will be 4”X8” for \$75 and 8”X8” for \$150. There will be three color choices to choose from. Ordering will be done on-line through the company Bricks-R-Us or at the museum. Contact the museum at 850-837-6611 or email Kathy at kahydestinhistory@embarqmail.com for more information. This paver project will be a focal point for the museum and a stage to feature furniture crafted by the late Captain Reddin “Salty” Brunson and garden ornaments from the home of Pat Marler Hodgeboom..
