Director's Corner

"Spring is in the Air"...words to an old song. In Destin it means the water is warming, cobia are running, boats are being readied, schools take a holiday and tourists are here. Destin is sunny and beautiful. We made it thru the oil and the long cold winter and Destin is open and ready for business.

Visitation at the Museum is brisk with Snowbirds and Spring Breakers. Our Gumbo Contest & Silent Auction and Annual Fish Fry were very successful. We are thankful to everyone who helped. New exhibits are in the planning stage and old projects are being finalized. The Museum's future looks as bright as the beautiful Spring sunshine.

Climbing the Family Tree

Associate Director's Corner

kathydestinhistory@embarqmail.com

The "Who Do You Think You Are" series is a popular show featuring the genealogical search of high profile celebrities. Each of you are important as the story-tellers of your family...which is done thru your memories and those of your family. We usually think of our memories as nothing important or interesting. But "our" normal is not necessarily everyone else's normal. A storyteller teacher and author commented that it has taken us a lifetime to acquire our memories and they are not remembered in a single thought! You must teach yourself how to bring them out of yourself and the elder members of your family in a process to pull together these "quilt scraps" to weave together stories. He said it is our obligation to share these stories. He adds that these stories are like a newborn which must be fed, loved and cared for, and cleaned up. These sometimes "hidden" memories of our lifetime can be triggered by a photograph, an event, a building, a place, a problem, a time of choice, or a person.

Try it: Find a picture in your family album. What story does it tell about the place, people, event, and time it was taken. Think of a place (today or in the past) where you would like to take someone. What happened there that makes it a special memory to you? Our lifetime is a cast of characters. Who was already in your cast when you were born? Other relatives & family friends? Teachers? Work? Your loves? Helped with problems?

MadiGras Parade

Jean Melvin, Dave Steele, Mike and Terry Long created a golf cart float to remember for the thousands of visitors to the HarborWalk Village MadiGras Parade which rambled from AJ's thru HarborWalk Village on Saturday, February 26. The golf cart was all decked out in purple, green, and blue with a giant Blue Marlin fish mount on the roof. Beads and Museum coupons were given out to the parade goers.
